CRITERIA TO RECEIVE FUNDS FROM THE PLATANUS & FRIENDS e.V. ASSOCIATION

Before you file an application we would like to ask you to clearly define your objective and to check whether you meet one or more of the following criteria:

- Your project benefits one class or the entire school
- It benefits academic classes or the daycare program
- It has a scientific / mathematical or bilingual focus
- It is a long term project or has long term effects
- It supports local, regional or international networking of our school
- There are no alternative funding opportunities for this project

The more of these criteria that apply to your project, the more likely it is that we will support it. Regarding costs and expenses, please provide us with alternative quotes from different companies if possible.

Platanus & Friends e.V. Association and school administration will decide together about possible financial support for your project. We will try to make a decision within two weeks of your submission. Decisions will also be partly based on the availability of funds.

If you would like to see what projects we have supported thus far, please check our website: www.platanus-schule.de
